Our merger has brought together the capabilities, expertise and knowledge of two highly regarded companies to create a new organisation that is even better placed to deliver the right outcomes for our clients.

Premier Miton focuses on two principal areas of investment expertise: outcome-based, multi-asset investment, and single-strategy, active equity investment, for example UK, European, US and global equity funds. The diversity, strength and depth of our product range allows us to offer portfolio solutions for a wide range of client needs.

Our business is centred on managing our clients' money. We aim to meet their needs by offering strong investment products and delivering good long-term outcomes, underpinned by responsive client service and transparent, proactive communication.
